Re: National Emergency Grant Follow-up

Recently, Freeholder Louis Cappelli Jr. on behalf of the Camden County Workforce Investment Board sent you a letter explaining the need to reintroduce the dislocated state, county and municipal agency workers affected by the struggling economy.

As a follow up, we would like to remind you about the \$750,000.00 seed funding from the New Jersey Department of Labor and Workforce Development, who has allocated these funds for the sole purpose to provide additional training and opportunities for these workers. These funds must be used by the June 30, 2012 deadline. Our goal at the WIB is to initiate the training modules as soon as possible.

Please forward a list of your former employees to Frank Filipek, Jr., at ffj@camdencounty.com. Mr. Filipek can be reached directly at 856-968-4230, at the One-Stop Career Center, located at 2600 Mount Ephraim Avenue, Camden, NJ.

We encourage you to assist these dislocated workers by sharing this information with them and other constituents by posting the information on your county's website or visiting the Camden County One-Stop so that they can access these services that will put them on a fast track to employment.

Sincerely,

Jeffrey S. Swartz
Executive Director
